I read this today in the doctor's waiting room and it's definitely one to cheer you up. Ivan and Miranda are great characters, and I especially liked the exploration of both of their backgrounds and how it had influenced the characters as they were today. I got a little confused at one point about where the whole 'planned' revenge plot was going, especially as it seemed to veer sideways a bit in the beginning and come out of nowhere, but overall I was hooked. The chemistry between the two of them was great and I loved the ending and got all soppy over it. I did think the character of Nikolai was a bit sneaky though. A good, distracting read that I fairly sped through. 4 stars.

This was a tad too angsty for me. I think I enjoy Crews's Megan Crane publications more.

I began this book in the midst of reading another that I just couldn't get through, and am I glad I did.

Ivan Korovin is a world famous actor and martial arts fighter. He has used his fists and knowledge of the martial arts to fight his way out of the Russian ghetto.

Dr. Miranda Sweet is well known for her studies and books against violence. Ivan Korovin being her most hated example.

Forced together by circumstance, these two burned up the pages as I read their story.

I adored Ivan. Tall, gorgeous, with a body that only martial arts can build. Although he is viewed as a "Neanderthal and Caveman", he is a troubled but sensitive guy who has a heart of gold.

Miranda had her own demons to overcome and let those color her view of Ivan, until she was forced into close quarters with him. Then she saw the man behind the public figure and realized just how wrong she was about him.

I really enjoyed this book. From beginning to end it had me riveted. I would definitely recommend this book as a great, easy read.

Hmm. I have mixed emotions about this book. I mean I liked the story, I feel for Ivan and Miranda, I love Caitlin Crew's writing and I love fake relationship trope. So this supposed to be a winner for me. Somehow, there was still something missing and the sad thing is I didn't know exactly what it was. Maybe the way this book ended. It seemed a bit rushed and I was kind of hoping that the hero will give me some sigh-worthy, swoon-worthy kind of groveling. But he didn't so I was a little bit disappointed. Nevertheless, ***No More Sweet Surrender*** was still an enjoyable read and I am absolutely looking forward to read the next book which is about Ivan's brother Nikolai. Maybe he will give me the kind of groveling that I was looking for.

I wasn't sure if Caitlyn Crews could come up with another gem to equal the stunning story-telling found within the covers of 'In Defiance Of Duty' - which continues to be one of my all time favourite Modern Presents novels. Undoubtedly Caitlyn is one of my favourite voices in contemporary romance but when I heard No More Sweet Surrender was based on a Russian hero I found myself a bit torn. They are my least favourite hero, I generally find them far too cold so it was with a certain amount of hesitation that I turned the first page. But, oh boy, I am so glad I did!

Within five pages I was hooked. Within ten, Ivan had me melting in my love-seat! This guy is most certainly not cold. He's a martial arts hulking brute of a man who is deliciously possessive and protective with a vulnerability that was a punch to my heart. I couldn't turn the pages fast enough. And once the game is afoot we see Ivan and Miranda in glitzy scenarios, surrounded by breath-taking scenery and falling under each-others spell. I couldn't wait for Miranda to fall off her pedestal and when she did it was spectacularly well done with heaps of heart-felt emotion.

All in all, lesson learned. Do not underestimate the talent of a great author. And I wait with bated breath to read Nikolai's story.

No More Sweet Surrender by Caitlin Crews

They had more in common then they knew. But, is it enough to bring these enemies together? Miranda Sweet, author of the book Caveman Worship, has penned Ivan Korovin, professional fighter/actor, as a brute, a caveman, a neanderthal. When he confronts her that he wants her to play the part of his girlfriend in order to help promote his new charity, she agrees only under one condition, the affection is only in public and she has the rights to write a biography about him. As they spend time together, they learn more about each other leading to deeper feelings. Are they real or is it just an illusion? Can they get past their differences and become a real couple? This is the first Caitlin Crews book I have read and I can honestly say I am now hooked. She's an excellent story teller and I can't wait to read more of her books.

No More Sweet Surrender is a fantastic read from Caitlin Crews. I loved the interactions between Ivan and Miranda, it was easy to picture the love/hate relationship they had going on. I couldn't put the book down wanting to know if they were going to realize that they were actually good for each other and not the people they thought each other was. I am hoping for more from Caitlin and the secondary characters like the brother, hope that he gets his own story.

It's a good story, I loved Ivan even being all that hard in the exterior he was a good man, a protector...and

sexy -- he exudes confidence and power ugh. Miranda thinks he's the antagonist of everything she believes in, brains over violence, that's why she calls him *Caverman*. What she doesn't know is , why he had to use his hands and fight.

That's why Ivan plans to seduce her , make her submit to him and then make her regret all the words, like *Caverman* ,she likes to call him whenever she's on TV and that had make him a ruthless man to the public eye. But what they didn't consider was falling in love.

Conclusion:

I loved Ivan --

Nicolai(Ivan's brother)is a badass, he really is the ruthless one. I understand he has suffered but he's becoming more and more in nothing like a human, it's almost as he's made of stone. He dared to fool his own brother. He realized Ivan might not follow the plan so he made Ivan talk about it in front of Miranda without knowing it. Wicked man. That moment was the climax, Miranda was devasted TT

My Ivan(he doesn't look so russian but I imaginate him like this --)

The bad: it's not the worst thing ever but I found it sometimes irritating the use of so many adjectives , it made reading no-so-smooth as I'd have liked.

oh and the song, I like to read listening music. This time I couldn't stop listening to Rihanna's Te Amo.
