Peeping Tom

Shelley Munro

Peeping Tom Shelley Munro

The residents of Middlemarch have a nickname for reporter Tomasine Brooks. They call her Peeping Tom and refuse to answer her questions about the mysterious black cats spotted in the vicinity. To them she's an outsider - the enemy - who has no place in their close-knit shifter community. Tomasine is determined to find a safe place to settle, but earning the locals' trust seems impossible. In desperation, she decides to seduce the sexy Felix Mitchell into giving away Middlemarch's secrets because it's a matter of life or death...hers. From the moment feline shifter Felix Mitchell crashes into Tomasine outside the post office, he desires her with an urgency that makes him suspect they are fated mates. When they are together the connection is hot, the sex is spicy and she makes him happy, but Tomasine is close-mouthed about her past - a past that can threaten their future together.

From Reader Review Peeping Tom for online ebook

Danny L Walling says

Not Bad

Only a 4.5 stars because it started out a little slow. It really took me a while to get into the story. Great plot, with great main H/h characters. Wished the children was expanded on. Well worth your time in reading.

Greg Dixon says

My peeping tom 3

A good read for people who are in to the series recommend highly can't wait for the next one of the series a really enjoyable read but quick shaping up to be a enjoyable series must read the next one of the series

Deb Diem says

My Peeping Tom, or Peeping Tom by Shelley Munro is fairly quick paranormal romance. This is a great choice for readers with limited reading time. Ms. Munro has given us a well-written book. I love the characters in the story. Tomasine is hiding from her old pack. Felix has been drawn to Tomasine since bumping into her at the post office. Their story is full of drama, humor, sizzle and suspense. I enjoyed reading My Peeping Tom and look forward to reading more from Shelley Munro in the future. My Peeping Tom is book 3 of the Middlemarch Shifters Series but can be read as a standalone. This is a complete book, not a cliff-hanger.

Natalie says

My Peeping Tom

I loved everything about this book and I can't wait to read the next. I think their story will be even more exciting.

Barbara says

My review.

I enjoyed the story. The storyline was interesting and evenly paced. The characters were dynamic. The storyline was a bit different (in a good way) from other shifter stories.

Kimberly says

Good read!

I didn't want to put down my Kindle, this book was that good.

Tomasine Brooks is on the run with her two daughters. No one knows that they are shifters because all 3 of them douse themselves with perfume to cover their scent each and every day. She just doesn't know who she can trust, and hiding their scent will keep them safe until Tomasine decides that Middlemarch is safe to stay and live. She can't risk being hunted down again.

Felix Mitchell can't get Tomasine Brooks out of his head. Other than her horrible perfume that she wears, he likes everything about her. When their sexual chemistry finally gets the best of them one night at a dance, Felix discovers her secret of being a shifter. Not wanting to scare her off because he knows that she's his mate, he needs to find out why she's hiding her scent. But most importantly, he has to make sure she knows that she and her girls are safe with him; no matter what.

Will Tomasine finally let down her guard and trust someone? What will Felix do once he knows the whole story about Tomasine?

A must read!

Keoki Ki`ili says

Royal past

Our heroine is running from her past and she will do anything to protect her two children. Our hero is at first terrified that his mate might be the enemy, until he figures out she's hiding something. Family is stressed in this story, that and acceptance of help when offered isn't a bad thing.

Theresa says

love Shelley Munro's sense of humor, it really is twisted sometimes. It's like she told Felix it's the old good news, bad news, good news - you get a mate, bad news - it's Peeping Tom! Felix is royally screwed, his mate is that snoopy reporter. Poor Tomasina nicked name Peeping Tom, just because she's trying to get the down low on the sighting of some black panthers. But why? Because she's a reporter? But then why live there? Don't want to give away too much because it would ruin it for you! Let's just say shes got a whole lot more secrets to guard then the town does! I was lucky enough to get this as an ARC in return for a honest review. But I did purchase the first version many years ago. Remember these are redos! Lol Shelly has taken some of her older books and mixed it up with some new stuff. I'm sorry, way too lazy to go find the old book to let you know what is and is not different. Makes no difference, I loved it and I highly recommend it to all you shifter lovers out there!

Oh and even though this is a series you can definitely read as a stand alone but your really missing out by not

series. Middlemarch similes

Destination: BOOK 3

Author: Shelley Munro

Reviewer: Ingrid Stephanie Jordan

Genre: #Fictional. #Fantasy. #Mystery

My Score: 10 Stars for the Series !!!!!!!!!!!!!

5 Stars for the BOOK !!!!!!!

This is book 3 of the Middlemarch Shelters Series I love

this book, you could read this alone but if you can read

the whole series you won't be disappointed.

we're back in Middlemarch who still has that crazy reporter,

no one wants to talk to her she tries to talk to people

In the town and they ignore her. And if that wasn't

enough is she sprays a ton of perfume on that you

could smother her a little away, that includes her daughter and

her niece. I ea, there was something fishy about them, especially

When she went ahead and rented the house and put the kids in

School.

school. With someone spotting a black panther by the town

she just knew there was a story there. Tonight was the town dance

so she got all dressed up and went to the dance hopefully

she would fall into Felix she just wanted to make sure that

she could be with him for questions and maybe other things too.

Felix Mitchell worked on the farm he love his job and he

loved it in the country. One day you went to the post office for Emily

who is Sabel's mate, but he never got that far he literally fall into

Thomasina even with all that perfume, Felix knew he was in trouble,

Big Major Trouble!! OMG! The ending surprise! Surprise!

I was gifted this ARC for an honest and truthful review.

was excited to learn it was to be about the nosy reporter, Tommasine or Feepling Tom as the locals have been

canning her. I thought her story would be very interesting and I wasn't disappointed. There were moments you

wanted slap Tommasine silly and other moments you wanted to cry with her, these emotions and more toned

right off the pages. There were a few surprises I didn't see coming. I really enjoyed this book and look forward to reading what happens next!

I received a copy of this manuscript from the author in exchange for an honest review.

Eva Millien says

Determined to find a safe place to settle, Tomasine “Peeping Tom” Brooks decides to seduce the sexy Felix Mitchell into giving away Middlemarch’s secrets in this enthralling paranormal romance.

After crashing into Tomasine, Felix desires her with an urgency that makes him suspect that they are mates and the readers are immediately drawn into the intrigue and passion as the connection between Tomasine and Felix grows hotter and the danger grows closer. The attraction is a scorching heat that sings the readers but the relationship has a bit of a problem, Tomasine has secrets that she refuses to reveal not to mention that she’s made a bit of a mess in regards to her reputation in the town of Middlemarch which causes emotional turbulence as well as a few chuckles throughout the story. The plot is well written, fast paced and flows smoothly from beginning to end with lots of suspense, excitement and romance.

Anticipation builds throughout the story as curiosity holds readers captive in regards to Tomasine’s secrets and excitement builds as strangers show up in Middlemarch and the Mitchell’s circle the wagons. The fascinating town of Middlemarch with its sexy felines lives up to the previous stories and makes another visit very worthwhile and entertaining and it has already got me ready for another visit wondering just who the mysterious woman in town is.

Selina Durio says

Middlemarch is a quiet town with shifters that has a lack of women. They begin inviting others to events in the hopes of finding suitable mates, but while keeping their secret. In book one of this series we were introduced to Tomasine, a reporter, that was trying to gather information about the mysterious black cats. No one wanted to speak with her for fear she would spread their secret. She moves in to town and rents a home for her, her daughter and cousin. What isn't known is that she has big secrets of her own. What also isn't known is that she is the mate of one of the Mitchell brothers. It was great to see how this story was unraveled everyone's secrets. I am truly enjoying this series.

I received an advance copy for an honest review.

Cynthia Brooks says

enjoyed it --- good story

Jill says

Great book!!

I'm hooked! Loved this book! Character build up was excellent! Suspence & thrills, along with great sex scenes! Highly recommend!

MsKingsPens says

DNF.

This book was a complete snore. It had the longest, most boring erotic scenes I've ever read. The first one went on for pages and we got everything from thoughts about her dead husband to a short convo about her kid... all while they undressed/ made out in a barn. Once I got to the chapter where the villain was graphically hooking up with a random I bailed.
