## **Return of a Soldier** Makenna Jameison

Major Trent Harrison has returned to his hometown after months away to see Meghan Jones, the woman who's captured his heart. Spring is in the air, and long days spent together followed by passion-filled nights leave Meghan certain that Trent is the one for her.

A weekend getaway suddenly changes everything when Trent proposes something Meghan never had in mind. Can Meghan give Trent everything that he is asking for? Will Trent finally have a family to call his own?

## From Reader Review Return of a Soldier for online ebook

### **Louise Rogers-Thomas says**

This continues the story from Christmas with a Soldier with Trent and Megan.

I enjoyed the story Makenna is great at writing short stories, but it could have been a bit longer. As Megan changed her mind so quickly all they needed to was talk! But other than that it has a HEA and Trent is a great character throughout both books.

---

### **Clarke says**

Can be read as a standalone but isn't really one. I haven't read any of the other books so I wasn't endeared to any of the characters. The plot/issue btw the characters was dumb especially how it was resolved (or not resolved). The author also has the classic problem of telling vs. showing. I wasn't a fan of the writing style to begin with but the "resolution" was the final nail in the coffin.

If you like sexy dedicated men, HEA and don't mind not thinking too deep this book is for you.

---

### **Rjsmommy says**

The end of Trent and Megan's romance started in "Christmas With a Soldier." Very simplistic and I never really understood Megan's spur of the moment change of mind about the divisive issue between Trent and her but for readers who wanted a HEA for the couple this will suffice.

---

### **Viki D says**

2.5 stars

---

### **Kim says**

Trent and Meghan met by accident. Meghan a single mom of 6 year old Hannah falls for a Trent a Soldier. Gone for a few months to Afghanistan returns home and him and Meghan happy to be reunited. This is a fast read and a really nice novella. I would like to read more from Makenna Jameison.

---

### **Julianna says**

Very short read. it was ok.

---

**Natalija says**

Return of a Soldier is a follow up to Christmas with a Soldier, the first book in the series. While I enjoyed the story, the far-fetched conflict and its outcome left me somewhat dissatisfied.

---

**SB CS says**

Love HEA and second chances. That's all I have to say.

---

**Jane says**

It is four months later and Trent is returning from being deployed to visit Meghan and Hannah. In the excitement of the reunion, they fail to communicate and he leaves to spend time with friends instead of spending his leave time with her. Months go by with Meghan missing Trent and not hearing from him until he surprises her with his second return... You will just have to read the fund and sexy story for yourself to find out if they learn to communicate; I am not telling how *Return of the Soldier* will end.

---

**Jen\_C says**

Seriously - the reason they disagreed and the way they handled it was stupid and immature. Easily solved with some real conversation and then she changes her mind in 10 seconds. Whatever. Pffft.

---
