Rockstar's Girl K.T. Fisher

After finding each other after four years, Jax has found out the truth that he's Finley's dad. Even though Jax is angry with Kendal for keeping him away from his son, he still wants Kendal back. In Jax's eyes Kendal has always been his. He will have her back, even if that means having a fight in the middle of a club.

Kendal knows she loves Jax but she doesn't know if she should tell him or not. She doesn't want Finley confused. Jax knows that Kendal loves him and after telling her, he thought Kendal would confess too. Jax knows just the way to get her to admit to her true feelings. Surely getting Kendal hot and sweaty and on the verge of an orgasm will do the trick.

Join Kendal and Jax to see if they can finally be together again. Amongst the paparazzi, concerts and annoying ex partner can they find their happiness? Read Rockstar's Girl to find out.

If you haven't read Rockstar's Daddy you will need to, before you read Rockstar's Girl.

Rockstar's Girl will be released in September

Antonella says

Read it long time ago. Forgot to add it. Anyway there was a time I loved anything accidental in romance novels. Soooooooo.....still average read, book, story...just okay.

Rosa Sharon (iScream Books Blog) says

The line for Finley's fan club starts here...

This is my favorite book in the series so far. I can see improvement in the author's writing skills, however; I still want to volunteer to do a final proofread for her to avoid those distracting typos.

This book is a very sweet look into Jax's heart as he meets his son for the first time, realizing how much he's missed, and what he has to look forward to. Kendall is still eaten up with guilt for depriving Jax of all the moments he never got to experience when Finley was born, time that he can't get back. They still love each other, but can they get past their past? Can they accept the choices each has made in the last 4 yrs during their separation? Choices made as they tried to move on and forget each other? Choices that only caused more pain and failed to accomplish their goal.

Jax is determined to convince Kendall that he wants a life with her and their son. He wants her to believe that by choosing them he's not giving up his rockstar career, that he can have both. Will he be able to convince her? Well, I'm telling you he sure has an effective way of convincing her give them another chance. I'm not sure I could have held out that long...I could feel the heat through my kindle!

Speaking of heat...there is some of that simmering in the background with another sexy rocker and one of Kendall's girls. I can't wait to dig a little deeper into that little mystery that is causing so much frustration for those two. I'm really enjoying all the colorful characters that reappear in each book. The close friendships full of love and support for each other, along with some teasing and pranks, makes for a fun read. And the cute and funny stuff that comes out of Finley's mouth is very entertaining, he's my favorite rockstar!

Dianne says

Much better! lol I enjoy this one a lot more than the first one. I really loved the 3 of them together. :)

Laurie P says

What a fabulous follow up to Rockstar Daddy!!!

I had such high hopes for the follow up to book 1 & worried that it wouldnt meet my expectations!! WOW!! FAR exceeded my expectations.....

I will not give any spoilers away, but I will say the characters & everything was so much better than book 1, the author has outdone herself fabulously! ;)

this books so sweet, definitely recommend to my friends & yeah the waiting YET again for book 3 for this impatient hussy is going to be bloody hell! :P

Markéta says

2.5 stars! ***

So, someone did acutally hire an editor or learnt how to spell! I only found a few mistakes and they were far and few between. Commas were still hard to find but not completely non-existent.. So, good job! Couple of steps up from the previous book.

Even the writing got better. It looked like a five teen year old wrote it and not a ten year old. But once again it was simple, straight forward and kind of boring.

The characters didn't change one bit and they all seem the same.

I don't regret reading it, because I did found out how Kendal's and Jax's story ended (it ended in totally predictable way but at least I know for sure).

I'm not sure whether I'm going to read the rest of the series or not.. Definitely not right now, maybe later but I wouldn't bet on it.

Anny hernandez says

I was provided a copy of the book by the Author for an honest review.

WOW WOW I just finish reading this book, and I have to say that I am loving this series, I am loving the characters, and love how the book turn out to be, I am gone keep this short since I don't want to give anything away.

The second book picks right up where the first book (Rock Star Daddy) end it, if you haven't read it you need to get to it.

The story begging with Kendal, when she left Sophie house after the wedding, after she scream at Jax what

he wanted to hear, one of the girl drove Kendal back home, as soon as she got in the house and was getting ready to take a bath her phone alert her of a new text, that was Jax asking if he could still go over for that chat. When Jax got to Kendal house he was pissed off and angry, but when he got to see how Kendal was his anger when away a little, when he seen the picture of Kendal and their son Finley, that made Kendal feel worst, that's when Jax ask her why she decide to tell him the truth, that's when Jax knew that he as gone fight to get his girl back and get to know his son Finley.

I really love how Jax and Kendal are with each other, love the relationship that Jax has with Finley, and love how they are as a family.

Now I cant wait to read Leo and Tanya story, Author K.T. Fisher THANK YOU for this awesome characters and this amazing book love it.

Lee Tamasi-gajda says

Wow, I couldn't wait for this book to come out and I was not disappointed. Loved it!

I needed a book of pure happiness and this was it. Rockstar Jax falls inlove with his son (a mini him) and never stops loving Kendal.

That little boy and what he comes out with makes you want to smile. The innocents of a child and how they see their mom and dad. I could really picture a 3 year old coming out with it.

If you read the first book, you will love the second book. Looking forward to the third book in this series. The next love affair for the boys in the band.

This is book 2 in the Decoy series and continues the story of Jax and Kendal begun in Rockstar's Daddy. Reunited after the band moved back home after over five years on the road, Kendal revealed the secret she'd kept from her family and friends all those years. Her little boy Finlay's dad was Jax.

Feeling free after those years of secrecy, Kendal was overjoyed to see Jax and Finlay immediately bonding and developing the father/son relationship she never thought they'd have. Jax didn't hold a grudge for only learning about his son after all this time and tried to work on building a future he always dreamed about. Kendal struggled to believe the relationship she thought she would never have could still be possible. At the same time, Finlay couldn't be happier as his parents became closer and closer - he really did want a baby sister!

I enjoyed reading more about Kendal and Jax as they continued to work out their problems and began the job of co-parenting their adorable little rock star son. The story was sweet and the loving hot as they began to rekindle the love that never died between them. Their mutual circle of friends added greatly to the story including tantalizing hints about the past relationship between Leo and Tanya. Additional editing would have

increased my enjoyment in the story but I would recommend it. Looking forward to the third installment.

Summer Parks says

Great follow up to Rockstar daddy. The pace was definitely improved in this installment of the Decoy series. I am very interested to see what is in store for Leo and Tanya. I am hoping for a little more angst. These first two books were enjoyable, I just am a fan of a little bit of a struggle and felt Jax and Kendel's love just picked up where they left off years ago hardly any questions asked. That just may not be this authors style and that's fine because I still very much enjoyed these first two books.

Jessie says

loved it !! .. It was definitely worth the wait :-)
I'm so happy they got their happy ever after !!
Finley is so cute !!
cant wait to read Tanya and Leo story hmm I'm intrigued with them.
well done miss Fisher you should be proud

Tonya says

Great amazing book loved jax and kendall's story and can not wait for tanya and leo. This decoy series is really really good!

Megha says

so I like the story.i think it could have been a 5 star book but honestly I was looking for mush and light romance and this fits the bills completely. it's just a very different take on the lives of band members.not everything is about groupies and orgies and unrelenting unemotional relationships. this book goes to show that there is a family,a tie that binds these people that is beautiful. what makes it more so is that there is no blame game.its all about acceptance and understanding and that is beautiful too!

Helen Stothard says

I loved the continuation of Kendal and Jax story, it felt a little like a child's fairy tale though in some parts, Cinderella meeting Prince Charming, although I kept getting distracted by Tanya and Leo's story, or lack of, just when I thought we'd find out, we didn't, the good news is that's coming in book 3 :-)

I kept waiting for the 'bad' to hit, in books like this it never runs smoothly, but it never seemed to happen, there were hiccups along the way, but I guess these guys have loved each other for years and never fell out of love.

I love Jax's nervousness around Kendall, and her insecurities about being with him. It makes them seem more real. Mind you, in order for it to seem real then Finley needs to throw the odd tantrum more often!

Enjoyable read but I can't wait for book three.

Saskia 'follow my shoes' Smith says

I read book #1 and for a first release i thought it was awesome, and the writer did very well! Her style of writing is different to a lot of the releases out there, for a while I was bored reading the same writing styles from books ordered on Amazon; then I read K.T ishers books, and it was like a breath of fresh air!! something new and different. I would like to add that it is rare that a second release is just as awesome as the first book, but i hand on heart can say book #2 is just as fantastic. It takes off from where book #1 ended, I couldnt put the book down! I read it in 1 night!! I wont spoil the story line, but I would love to see a 3rd book wrote about Jax, Kendal and Finlay!! along with spin off book relating to their friends. !! well done K.T Fisher with yet another top book!!

*** IF ANYONE HASNT READ IT... READ BOOK 1 THEN BOOK 2 #AWESOME# ***

Lisa says

This picks up exactly from the point where Kendal is forced to tell Jax her secret. Can Jax forgive her and get their relationship back on track?

It feels as though Kendal and Jax are meant to be together: that they are two halves of the same whole. This was fun, hot and steamy. There were plenty of raw emotional moments as well as sweet aww moments.

There was a natural flow to the story that didn't seem forced. It has a great set of characters and hints of what is to come further down the line. Another enjoyable read.
