Taming The Biker Cassie Alexandra , K.L. Middleton

After a short fling with hell-raising womanizer, Taylor (Tail) Adams, Lauren Macey discovers that she's pregnant with the biker's child. Knowing that the MC lifestyle isn't what she wants for their baby, and that Tail isn't exactly 'father' material, Lauren decides not to tell him. This proves challenging, especially when she realizes that he isn't ready to end their affair...

37k Novella. This can be read as a stand-alone.

This story contains crude language, sexual situations, and violence. Is not suitable for readers under the age of 18. Please do not buy if any of this offends you. This is a work of fiction and is not meant to be a true depiction of a motorcycle club. It was written for entertainment only.

Rhonda Beard says

I sort of wish this one was more than a novella, I felt there was a bigger story that could have been told for some reason... The short story was great though!

Mariana says

Nice cover, bad book.

Norie says

After finding out that his high school girlfriend cheated on him with his best friend's brother Taylor Adam(Tail) promised himself to never let a woman hurt him again.

Years has passed and he has joined the Gold Viper MC, his best friend ask him to be his Best Man at his wedding. wanting to get in Lauren's pant during the time that she was in town, he got his wish after Lauren had to many to drink and end in bed with him. Only to realize that he can't get her out of his mind. Also the fact that he is in love with her.

Lauren Macey, beside the fact that her new brother-in-law is the guy that cheated on her back in high school, she also has a dark secret. Not knowing how she had end up in bed with Taylor Adam. She tried to get it out her mind. Only to find out that all her fantasy about him is about to all come true. And how she actually have feeling for him.

It wasn't long until the player of the whole town is on her bed again. Better yet she is having his baby. Not knowing what to do she tried to hide it from him only to end up spitting it out my accident during a water fight at the pool. Surprise to what he had said about being happy that they are going to be a parent and that he wants her to met his club brothers she agree to have all the Gold Vipers and their whole family over so she could get to know them all better.

Jennifer says

Meh nothing extra. Don't need to have read the previous books cause the peeps in them are barely mentioned.

Jenny Thompson says

Yuck. This book reads like it was written by a Neanderthal. Someone needs to explain to the (probably male) author that the fact that his male lead didn't roofie the female lead's drink himself doesn't make it any less sexual assault.

Jen_C says

Thought I would try a biker book... this was *not* the one to try. The blurb is misleading. The pregnancy is mentioned and dealt with in like 3 pages. **The whole beginning is Taylor and the mentions of all the chicks he has "had" (pretty much all the women in town). It is like a 7-degrees-of-Kevin Bacon game. Gross. I hope this town has a lot of antibiotics handy.**

***He has 2 strippers at the bachelor party,**

***He's had Carter's (his best friend) mom,**

***He's had Carter's fiance Barbara who is also Lauren's stepsister.**

***He has Lauren of course.....**

Lauren dated Carter but he cheated on her the same night Taylor's girlfriend (Amber) cheated on him with Carter's brother (Drew) back in high school.

***He has a hookup scheduled with the girl from the liquor store but cancels to help Lauren.**

I liked the prologue of them back in high school - but to turn into a man-ho because your girlfriend of 3 months cheats? Pffffttt

I pulled off my leather jacket. "Here. Wear this. It's getting nippy out here."

She glanced down at her top and blushed. I grinned sheepishly. "Don't worry about it. I'm nipping myself now."

Her eyes went to my chest. "You should keep your jacket. Now you're cold."

"Nonsense. I'm a guy. We're used to cold showers and giving up things to impress women." Laughing, she took the jacket from me and slipped it on over her shoulders. "Thanks."

I shoved my hands into my jeans pockets. "No problem."

"It smells nice."

"My jacket?"

She nodded. "Yeah. Your cologne."

"Thanks. Amber got it for me," I replied.

"She's a lucky girl," she said, brushing her hair away from her face. "To have you, that is."

I smiled. "Thanks." She smiled back and in that second, I felt compelled to stay and comfort her. Sure, Carter was my friend, but Lauren was way too good for him. Hell, she was probably too good for me, too.

"What?" she asked after a few seconds. Realizing that I was staring at her like an idiot, I cleared my throat.

"Nothing. I'll go and find Katy for you. Just hold tight." I said, turning away.

"Thanks," she said softly.

"See, this is why I'm single, bro. You know what my motto is."

I did. "Play or be played."

“Exactly. You live by that creed and this kind of sh*t doesn’t happen or if it does, you don’t walk away feeling like a victim. Just remember – bros before hos. Always.”

Carter telling Taylor who his fiance is....

“She went to our school and graduated a year ahead of us. She has a stepsister our age, though. Lauren Macey.”

My eyes widened in surprise. **“Lauren? The girl you cheated on back in twelfth grade?”**

“I know. Crazy, right?”

“Does Barbara know about the two of you?”

“No. I don’t think so. Anyway, Lauren and I have reconciled. She said she’s forgiven me.”

“Really?” I asked, surprised. The night she’d caught Carter cheating had been rough on both of us.

I’d even walked her home, after finding Amber with Drew. Till this day, I still couldn’t look him in the face without wanting to rearrange it. Fortunately, we hadn’t crossed paths in years.

“Yeah. We were young and I was stupid. To be honest, I don’t think she likes me, but is willing to let bygones be bygones. For her sister’s sake, at least.”

“Lucky for you, I guess.”

Taylor sees Lauren at the rehearsal dinner and we see what a prize he is (insert eyeroll)

I grinned back and noticed Lauren watching me out of the corner of her eye. My determination to get into her pants was growing with each sip of beer. Hell, she was one girl I *probably* would let stay the night. Maybe. If I knew that she could cook. Honestly, it was the one thing missing from my life – someone to make me breakfast in the morning. Of course, a personal chef could do the same thing and wouldn’t cost me half of everything I owned...

I added my name, my home phone, and my cell phone to her contacts list. Then I took a picture of myself and added it to my name.

“Really?” she asked dryly.

“Just so you don’t forget what I look like.”

Amused, Lauren rolled her eyes. “You really are pathetic.”

“Only when I want something,” I said, winking.

“I thought you already got what you wanted”

“I guess it just wasn’t enough,” I replied, surprising both of us. **“I need more.”**

Taylor looked so relieved it was almost comical. “Good. We’re both too young for kids.”

“I don’t know about being too young. I’m going to be twenty-seven next month.”

“Well, hell... you’re an old maid,” he joked. **“Nothing left for you now but cats, cable, and Pinterest.”**

“I like Pinterest. I’ve found a lot of amazing recipes on there.”

“You can cook?”

“I can hold my own,” I replied, slipping into my robe.

“Then you might not be ready to be put out to pasture just yet,” he teased.

You’re going to think I’m... pathetic,” she said with a brittle smile.

“No, I would never think that about you,” I said firmly. **“Hell, you’re one of the only women I truly respect.”**

“Then you’re going to be disappointed,” she mumbled.

“Talk to me,” I answered, walking back over to her.

“You were at the wedding?” I asked, not recalling him being there.

“Yes,” he said. **“Why do you think you were able to woo her into bed so easily?”**

“Tail has never had any problems wooing a woman into bed,” said Hoss, chuckling.

I stared at Mark in confusion. “What in the eff are you talking about, old man?”

“The only reason she slept with you is because (view spoiler)

At the wedding reception?”

“Yes. I was supposed to take her back to her room, but you got in the way,” he said. “I wanted to teach her a lesson about how easy it is for someone to take advantage of her.”

Mojo_Mama says

Summer catch up review.

Oh, holy mother of pumpkins this shit was bad. I mean, I totally covergasm over that 8pack...but not after he's fucked every girl in town.

I knew there'd be douchery going on, but I'm just thankful it was short.

Safety Gang: this is not for you.

Lu Bielefeld *read.laugh.love* says

The Hero is a womanizer and no woman escapes him.

He fucks even the mother of his friend.

He fucks the heroine's sister, too.

Just breathe and have holes he fucks.

Our heroine is special (LOL!) and our hero has been watching her since high school and there is an ex who is crazy.

Nothing special or that draws attention to the story. It will not stay in the memory.

““I have standards,” I argued. “What are those? They have to have three holes and a set of fun-bags?” laughed Chopper.”

Babs says

This is the story of Taylor (AKA Tail) Adams and Lauren Macey. They were in school together and talked briefly at a party in high school when both the people they came with cheated.

Later they meet again at the wedding of her sister. They renew their friendship but Tail wants to keep seeing her and she becomes pregnant she is scared to death she will be on her won. Tail is not a one woman man or is he?

This book was ok. I admit I have not read any other other books in this series. I felt the story was rushed to

tie things up. The characters were ok and the banter was good.

? One Click Romance ? says

2.5 stars

I don't know what else to say, except, the story was missing that spark that makes a book shine and the glue that ties everything together. It was just to blah for an MC romance.

Abby Wheeler says

I don't like giving negative reviews but this one was just bad. Taylor is a huge Manwhore like I'll sleep with anyone pathetic Manwhore. Lauren wasn't any better sleeping with an old dude to pay your bills. On second thought these 2 are prefect for each other. The premise was supposed to be about her being pregnant but that doesn't even come until 85% into the book. And he is mad about it but changes his mind instantly. Stupid! This felt way too rushed and lacked any character development or emotion. I know it's a novella but that doesn't mean it should be this poorly executed.

Brenda says

This is the last installment in this series so far. This is the story of Taylor (AKA Tail) Adams and Lauren Macey. They were classmates in high school and meet years later at the wedding of her sister and Taylor's best friend from school. It is the story of how they renew on old friendship and how it becomes much more. I have enjoyed all five of these books and can't wait for the next installment this summer. They show the life of a MC and how the brotherhood is dedicated to each other and their families. It has violence, bad language and a great amount of sex, so if this isn't for you or if it offends you, you should pass on this one and the entire series. If you're ok with it, pick up your copy today. It's a good story and a fairly quick read. You don't need to have read the prior books to understand this one. It pretty much stand on it's own. However, if you enjoy it, I suggest you start with the first one and get to know this group of men and their women. I think you'd really like them.

Robin is it summer yet says

I enjoyed this short book. I didn't read the series in order but that didn't take away from this story at all. In fact it made me want to read more of the series. Definitely give this author a try.

Jacqueline says

Very short. Sometimes that is not an issue but here the story felt cut off right in the middle. Not in a cliffhanger there's gonna be more way either. For example the blurb states that she turns up pregnant and this

causes a problem between the two of them. In reality, that happens at the end of the book and after a brief panic he is totally okay with it. So once you find out about the pregnancy you are expecting the story to really take off and it just ends.

The story was well written and interesting though on the whole.
