## **The Hunger Games Tribute Guide** Emily Seife

The New York Times bestselling Hunger Games is now a major motion picture—and here is the ultimate guide to the all the tributes in the 74th annual Hunger Games!

Here is the ultimate guide to the twenty-fourth annual Hunger Games. Follow the tributes' journey from the reaping to the Games, with an exclusive look at all the highlights along the way—the trip to the Capitol, the Tribute Parade, the stations of the Training Center, and the interviews with Caesar Flickerman. Plus you'll find profiles of President Snow and Seneca Crane, portraits of each tribute, and detailed information on each district's industry. This unique guide to the tributes contains never-before-seen photos and quotes from the film, and is a must-have for any Hunger Games fan.

## **From Reader Review The Hunger Games Tribute Guide for online ebook**

### **Ashley says**

Rating: 2.5 stars

I read this book in like 30 minutes. It was really short.

Going into this I thought that it would provide me with tons of insight on the novel such Panem, the districts, the tributes. But I felt it left me with nothing. I felt it just gave information the books already spoke about. This didn't really add much to the trilogy.

---

### **Charissa Sophia de la Rosa says**

Well, I like it. It gives you a better look on the tributes and the Capitol. There are also some pictures from the movie itself. I'm not going to give it five stars for it's not *that* good.

---

### **Sarah Amelia says**

I bit boring because it's just stuff about the tributes but useful.

---

### **Melissa says**

This book is pretty pointless to be honest. Doesn't really bring anything new to the books. A lot of the book consists of pictures of the tributes and it says their name, age, district, etc.

I wouldn't recommend this book really, unless it's for movie merchandise collection purposes. I do have to say though, that someone I know absolutely fell in love with the book, so you might want to check it out.

---

### **Kristi says**

This book is exactly what you would think from the title. It's a guide to the Tributes. I was thinking maybe there would be addition content that we didn't get in the book, but there is not. This would be a good "fan" book for movie-goers and perhaps even a refresher for readers that may not have read the book in a while.

I was hoping that perhaps we would get names for all of the Tributes. I realize that many in the books did not have names, but since this was a TRIBUTE book... I thought it would have been very cool addition!

If you eat and breathe Hunger Games, than this is a book for you. If you're a fan but of the books more than

the movies, just borrow this one from the library.

---

### **Aubrey Hansen says**

I hereby pledge to confirm my Hunger Games geekdom by reading (and owning) all of the companion books!

Like most companion books, there isn't too much meat to this one. It's beautifully designed and loaded with gorgeous pictures, but it feels like it's written for a reading level that's below the age of the movie's target audience. The movie was very obviously teen fare--why write companion books geared at middle schoolers?

I was a little disappointed that this book didn't contain much information that wasn't overtly obvious in the movie. It would have been great fun to have more tidbits about the tributes that wasn't relevant in the movie. Still, it's a pretty book, and like I said, I've got geekdom status to maintain.

#### **Before reading:**

*No.*

*No.*

*Please.*

*No.*

*I don't want to go through the pain again.*

*The nostalgia has already taken me in!*

Nostalgia proceeded to shove this book in my face and told me to read the damn thing for his sake.

#### **During reading:**

#### **After reading:**

I hate nostalgia.

### **Diego Kroonblawd says**

Every year the Capitol of Panem hosts an event called the Hunger Games where two "tributes" a boy and a

girl are drafted from each of the twelve districts to be brought to an arena and fight to the death. Only one person can win. This is to remind the country not to rebel and for entertainment, of course. This year, unfortunately, Katniss's little sister is selected for the Hunger Games, so Katniss volunteers to take her place. Also selected is Peeta Mellark, the baker's son, who maybe has a teensy tiny crush on Katniss. After they got selected, Katniss and Peeta are whisked away to the Capitol to prepare for the Games and primped for live TV. We meet their support team, which is primarily comprised of Haymitch a former Hunger Games winner and also a drunk, Effie (their wrangler), and China and Portia (their stylists).

I like this book because it has all the suspense and action too in the book that I like, but the thing that I don't really like about the book is that there's a lot of talking and too much background. But I like when it gets right to the action and when I learn from what I read so basically historical books like from World War I and II and more books like that to. I would give this book a 3 out of five stars. If you like a lot of talking and suspense and action then this book is perfect for you and mostly everyone has or is reading it so that's how good the book is

---

### **Holly Noelle says**

My real rating is more 1.5.

If I didn't get a discount because I work in a bookstore, I never would have purchased this.

Essentially it's pretty pictures from the film with some cursory commentary. Anyone that's read the book would know this. Absolutely nothing new.

I would say 1/3 of the book is just pictures of the tributes. Not multiple pictures, but rather the glamour shots for the games, followed up with their name and age. That, to me, screams: let's print off something really quickly to make a few bucks.

While the pictures are pretty, they offer no insight into anything. It's not a behind the scenes type of book, but at least give us something new to the audience.

I would only recommend this to the super fans. As a fan of the Hunger Games (and as someone who is super excited for the film), I don't think it's necessary to own.

---

### **Mac Ross says**

I think this book was great. It contains a lot of information from the movie. BUT other tribute names were not specified. But other than that it's amazing.

UPDATE: 5/26/15

I just finished Mockingjay and I can't stop feeling heartbroken everytime I see its book. I don't know why :(

---

## **Sara says**

I really enjoyed learning about all the different tributes and what District they were from. I found the page saying what all the districts supplied and did got the Capitol quite interesting! If you liked The World Of The Hunger Games you'll enjoy this!

---

## **Amy Jacobs says**

If it is a book on the Hunger Games, you can bet I am going to buy it and drool over it. When I received this guide for review, I did not hesitate in jumping right into it. Unfortunately, it was not what I was really expecting.

We get to see wonderful pictures from the upcoming movie, but nothing really new that we haven't seen from released trailers. It is set up in sections from explaining the reason for the Hunger Games all the way to where Katniss enters the arena. It has color photos of each tribute with little facts on each one leaving the reader with no more information than what we started with after reading the series.

While it is great as a refresher book to remind us of the original story we have already read, it wasn't something that really added to the experience. The photos were the only added bonus but not enough to make me really excited. If you are a hardcore fanatic for this series, then add it to your collection. Otherwise, you might want to pass on this one and see if something better comes out.

---

## **Morgan Ashley says**

It's obviously just a recap of the beginning of the book with pictures from the movie, but I love the layout and everything. I honestly just picked this up again to meet my reading goal for the year, but it was nice to reread it!

---

## **Joost says**

Een leuke extra voor The Hunger Games! Lees hier mijn recensie:  
[http://nerdygeekyfanboy.com/recensie/...](http://nerdygeekyfanboy.com/recensie/)

---

## **Olivia says**

I freaked out when I saw this at the bookstore for around 6 dollars. I just had to pick it up! However, I wasn't totally happy with it. I wish that all the tributes names would have been given and what age they were. I did enjoy all the new pictures and the way the book was set up. It is a nice refresher for someone who hasn't read the book in a while. It seems to be told from the capitol's point of view and it stops right when Katniss is being sent to the arena. So there is no new information of what it will be like in the games.

There isn't any new information; it is pretty much the same as the trailer. I did enjoy seeing the pictures of what Katniss' bedroom will look like at the capitol and all the pictures of them training. This is a must have for all Hunger Games fans and another book to add to your Hunger Games collection. It was money well spent for 6 dollars. This just made me even more excited for the movie!

Recommendation: I do not recommend this book for readers, who have not read the actual Hunger Games book.
