## **The Twelve Days of Stella** Tera Lynn Childs

Phoebe's new stepsister is a bit on the evil harpy side. Seems like she lives to make Phoebe's life difficult. But is that all there is to Stella? Of course not. (After all, every villain is the hero of her own story.)

Story is available on Tera Lynn Childs' site:

<http://teralynnchilds.com/the-twelve-...>

- there are 12 parts, this one links them all -

# From Reader Review The Twelve Days of Stella for online ebook

## Allison says

I am SO happy that this short story did not disappoint. After reading "Phoebe's Fair Valentine", I had little expectations for this story. I'm not fully sure if it deserved a full five stars, but it was close enough so that I didn't mind giving it that many stars. I'll be honest; I don't like "Oh. My. Gods.", so I thought I would be stepping into another episode of annoying Phoebe nonsense. Instead, I found Stella. I like Stella SO much better than Phoebe. Stella might be an antagonist in the actual book, but I like how Stella is a lot more realistic and relatable (I have never once related to Phoebe). I know what it is like to have loved and lost, so for once, I could connect to one of the characters. Everything in this story actually makes sense and reminds me why I'm a fan of Tera Lynn Child's work.

WRITING STYLE/PROSE/WORD FLOW: B

CHARACTERS: A- (because Phoebe was still in the story)

DIALOGUE: A

STORY/PLOTTING: A-

OVERALL GRADE: A-

(I have marked it down to four stars as I changed the review some.)

---

## An Odd1 says

Why called 12 days when only part of one? Anniversary of Stella's mother's death? Simple lesson, finally years after her mother has died, Stella paints again, something they had fun together at.

I liked the premise of magic powers and god descendants better in the full length story. Every invented word, power, like "autoported", is italicized. We don't need a special words to know when Stella zaps to the cemetery or Pheoebe makes Skittles rain inside.

When cleaning up an accidental shower of Skittles rainbow candies, Phoebe finds three paintings by Stella's dead mother, one by Stella. Stella runs into Troy giving a grass snake to the god of medicine, a favorite offering, asking that he be allowed to follow music, his passion, instead of parental hopes. She wishes she had a passion. (view spoiler)

## Alex says

I really enjoyed getting to see Stella's point of view. Even though I hated her character and I didn't read this until after I finished the series it was nice to get her perspective and history.

If you haven't read the series you should, and maybe read this before so you do think Stella is a evil, whining, trollop like I did :)

Enjoy the series. I recommend it if you are bored and want something with a mythological twist!

---

**Louisa says**

Great short story, we learn more about Stella, and yeah, just really good!

---

**Rika - (The Unpretentious Reader) says**

Extremely short.. but it's nice to see Stella in another light.  
maybe she'll get her own spin off someday

---

**Casey Mae says**

Great insight on Stella from Oh. My. Gods. Recommend it but I also recommend reading Oh. My. Gods. first

---

**Wulan Murti says**

Nggak begitu paham maksudnya. :v

---

**Kayla says**

I don't care for novellas so like eh...

---

**Colette says**

I hope that there are more books in Stella's perspective. It was very interesting. Check out the Oh. My. Gods. series for more on Stella.

---

**Frances says**

Short but sweet... Good to see this side of Stella.

---

**Andina says**

I've never hated stella for some reason. And with her POV now i know her better. Awesome! Book 3, please?!?!  

---

### **Jo Oehrlein says**

A more sympathetic view of Stella than we see on Oh.My.Gods. This gives her back story with her mom and her mom's death.  

---

### **Shannon says**

#### **Twelve Days of Stella**

#### ***The Story:***

It has been YEARS since I read the O.M.G. books and my memory is as deep as a thimble so I don't remember the characters much. I do however feel Stella's struggle. It's totally relate-able to anyone.  

---

### **Alyssa says**

I think it made a lot more sense to know the story from Stella's side. After all, it is possible that some bullies are mean because they've been hurt in their lives. I can relate that to a few people I know.  

---

### **Sarah says**

Great insight into Stella, though I wish there was a bit more. Maybe in the next short reading or in the second full length book. A note on this book... you can download the title straight from goodreads, which I didn't know until I accidentally came across it. It's a 14 page PDF.
