## Undying Madeline Sheehan

A creation of chaos and lust, I was born into a world so foul, I made it my mission to find the beauty hidden within, to reveal the sun behind the clouds, the rainbows after the storms, the life that still exists even in death.

One-third my mother, I had an infectious smile and a heart so big, there was room enough for everyone, no matter their sins. One-third my father, I had a filthy mouth and a temper that could crumble mountains beneath the onslaught of my rage. And one-third myself, I was spontaneous, determined, wicked smart, and knew exactly what I wanted out of life.

“I don’t just have a family. I have an empire.”

— Ivy Olivia West

TEASER <3

"His footsteps were like anvils crashing against concrete, shocking me free from my downward spiral. He crossed the room slowly, the dark outline of him growing closer in my peripheral until his shadow loomed over me.

A flick of flint—an inhalation of air—the hiss of burning paper. The unmistakable scent of marijuana filled

my nostrils. Tendrils of smoke encircled me, causing the air to thicken and my messy thoughts to muddle further.

I could feel his eyes on me, watching me in that maddeningly blank way of his. I forced myself to swallow past the lump in my throat. The tension between us was strung as tightly as piano strings stretched over cast-iron. One strike with the hammer and...

No, I wasn't going to look at him.

...oh, but how I wanted to. I was itching to turn, to take in his brutal, beautiful face, desperate to know if I might glimpse something other than apathy gleaming in his obsidian depths.

I dragged in a painful breath. My eyes burned with unshed tears. My fingernails dug into my palms. No, I absolutely would not look at him. This was his fault—this was all his fault.

Everyone has a breaking point, and last night had been mine. Something had snapped inside me—severed me nearly in half. I felt shredded now, torn, wavering between who I'd thought I was and this other person—a person I didn't recognize.

Unclenching my fists, I glanced down at my pale, trembling hands. Was that dried blood beneath my fingernails? A silent gasp momentarily stole my breath and I quickly clasped my hands together, hiding the offensive sight.

Who knew hands were so powerful—so life-altering? They were merely bones wrapped in skin, weren't they? No. They were so much more than that.

“Ivy.” He said my name as if it were a command and when I didn't respond, he bent down beside me. I remained frozen. He could say my name all he wanted. He could scream it and shout it until he was blue in the face and I would still refuse to look at him.

He took hold of my chin suddenly, and the stark difference in our body temperatures was nearly my undoing. His hand was so warm...and I was so cold. Gripping my cheeks, he forced me to face him, and I quickly squeezed my eyes shut. I had one shred left. One shred—a measly whisper tethering me. And he couldn't have it.

“Ivy.” Irritation was woven throughout his usual indifference. Was that concern I detected...or wishful thinking on my part?

He said my name twice more, and each time I could feel the hammer cocking just a little bit farther. My strings were strung too tight. The tiniest of taps was all it would take and then—

He relinquished my face, taking with him what little warmth his hand had provided me, and every bit of me instantly rebelled. The hammer struck, smashing against my rapidly fraying strings, and my eyes flew open.”

New letter alert!

~~I have a new letter to Zz and I ain't gonna say any flowery words on him, not anymore.~~  
~~deep breaths...~~

*Dear Zz,*

*(First post:written after I read unbeautifully)*

~~Wherever you are, I hope you are not drowning yourself with booze and women, I will be sad and I hope you are taking good care of yourself, I'm worried and I know you are nursing a broken heart, but you are a good man Zz so far to what I read about you I have little evidence of your good side, don't you change Zz, I'm counting on you not to fucked-up your life because of one person or are you hiding more of what's to come? I don't know, and I hope when the time comes that your story will be told, I hope a special woman will come along and deserves you and you to her:')~~

*(Second post:written after I read unattainable)*

~~What the fuck Z, what the hell...you tryin' to get killed in horrible way huh? so desperate for that, isn't it and damn your bad luck for women, seriously you always ended up as a filler \*eringe\* sorry bad pun. you better keep hidin boo cos shit is spreading your way in a very worst way and part of me still worried about you.~~

~~I thought you got it all fixed up after Danny criss cross your heart in an ugly scar, then another girl~~

~~deepened that wound on you and bad luck she's got the chops cos you hurt her man and that bad luck got freaking huge army that would be happy to see you die in pieces.~~

~~you gettin head to head with (view spoiler) wrong move, just the wrong move.~~

*(Third post: written after I read unbeloved)*

**WHAT KIND OF MESS HAVE YOU LET YOURSELF INTO, ALL THOSE FRIGGIN YEARS?! \*sigh\***  
its a long and winding road towards redemption for you. And your love life, man it sucks big time, and you don't even deserve a good girl anyway so that's what you get. Good luck to your in laws if I got it correctly who the girl's parents are;) I mean good luck to you and not to your in laws lol.

*yours truly,*
