Unmasking the Devil: Strategies to Defeat Eternity's Greatest Enemy John Ramirez
Satanist-Turned-Evangelist Gives You the Inside Strategy to Defeat the Devil's Plans!

Many people, even Christians, deny the devil's power. John Ramirez doesn't have that luxury—he experienced the prince of darkness up close and personal.

In the impoverished streets of the South Bronx, John Ramirez found “acceptance” from a family of witches and warlocks. These practitioners of dark arts trained him to be a high-ranking satanic priest—a story told in his first book, *Out of the Devil's Cauldron*. However, everything changed when he met the living Christ.

In *Unmasking the Devil*, John Ramirez shares an insider view of how satan operates so you can avoid his traps and learn how to:

discern between the voice of God that directs to victory and satan's voice that leads to destruction. **close the demonic doors** satan uses to enter your life: entertainment, unhealthy relationships, greed, and false religion. **activate the spiritual weapons of prayer, intercession, and Scripture** to render hell powerless over your life. **recognize** how **the spirits of Jezebel and Delilah** attempt to infiltrate the church, create disunity, and render God's people powerless.

No army goes into battle without first knowing the tactics of their enemy. Receive behind-the-scene glimpses of satan's strategies and equip yourself to live victoriously over the powers of darkness!

“Spiritual warfare is a must for every Christian if they are going to survive in the coming years,” says John Ramirez. “It's time to stop playing patty-cake with the devil and learn how to put hell on notice.”

Extremely Powerful and Educational To the Enemies Tactics!

Thank God for the courage of John to share his knowledge of the army of darkness. I will be reading this again and again.

Karen says

This is a good introduction to spiritual warfare looking from the eyes of an ex-devil worshiper. I highly recommend this book to those who want to understand just what Christians are battling up against.

1 Peter 5:8 Be sober-minded; be watchful. Your adversary the devil prowls around like a roaring lion, seeking someone to devour.

Karen Henry says

Spiritually insight for living. Strategies to wage war to protect self and our families from the tricks of the enemy.

Must read

Excellent book, well written, by someone who's been on the other side. I wish all churches gave this and taught it. Game changer.

Jeanie says

“The number one key we need to establish in spiritual warfare is the fear of the Lord. ‘The fear of the Lord is the beginning of wisdom, and knowledge of the Holy One is understanding.’ (Prov. 9:10 NIV)”...”The fear of the Lord means to reverence Him, to be in awe of who He is.” (pages 78 and 79).

The author of ‘Unmasking the Devil’ is a man who worked for satan for many years, trained to be the third high priest in New York City. He is also now a man saved by the grace and mercy of the One who has all

power over sin, satan, and death – Jesus Christ. Few people at the level he ‘attained’ in devil worship are willing to leave that life behind to be a servant of the Lord. Fewer still would be the people who would write an expose of how anyone, including Christians, can unknowingly be ensnared by the devil and how to avoid those traps or be set free from them.

Evangelist Ramirez has shared powerful truths in this guidebook. He writes of many varied ways that one is led away from putting Jesus first (if one already is a believer) or tries out some of the seemingly innocent paths to follow the ways of the devil. There are a few he writes about that I was unaware of, and several that I had been aware of. More than that, the author writes about how to avoid, get out of, or help others out of the grip of satan. He uses supporting scriptures and shares several important prayers and other information that can aid us in our walk with the Lord. One thing he writes about when he was a satan worshipper that shows how prayers of the faithful are answered, as he would go through various neighborhoods and hurl down curses and insults: “...in some neighborhoods I met with strong resistance and at first couldn’t understand where the opposing power came from...Finally I realized these were the nasty Christians praying for their neighborhoods...Wherever praying Christians lived, I couldn’t penetrate the neighborhood.”

The author writes that spiritual warfare is the most critical practice we need to understand and actively participate in. John Ramirez understands both sides of this challenge – he knows how the devil and his minions work, and he knows the unlimited power of almighty God, and how we have the ability to act in the name of Jesus – never our own strength – through spiritual warfare, intercessory prayer, and deliverance ministries.

‘Unmasking the Devil’ is a critically important book for Christians of this generation in our country to read. But read it slowly. There were times that I could not digest more than a few pages at one time. Understand where the Lord is calling you. Along with one’s Bible and favorite devotional or Bible study books, I believe this should be handy to use, and to study the scriptures referenced in it. Re-read it, perhaps keep a second copy to give to someone who truly needs it. Remember that “The greatest title in the Kingdom is Servant. It’s time to pick up the towel, wrap it around our waist, and get to the battlefield.” (pg. 119) I highly recommend ‘Unmasking the Devil’ for those who want to avoid the pitfalls of satan, who want to help our home, churches, and neighborhoods be released from the bondages of these pitfalls.

A must read for Christians

I believe that this book should be a part of a bible study in Spiritual Warfare. John Ramirez dissected each chapter very well and in a way that all readers can comprehend. Thank you, John Ramirez, for your testimony and inspiration.

Joan says

Ramirez wants us to understand the role of Satan in the world. He knows whereof he writes as he was the third highest ranked priest in a Satanic cult in New York City before he had a miraculous encounter with Jesus. He told his story in *Out of the Devil's Cauldron*.

He's been in the enemy's camp. He knows how to combat the enemy's tactics. He writes about the ways the devil tries to invade our lives, the reality of spiritual warfare, and what it means to really be a soldier of the cross.

The primary avenue of attack is the mind. The devil knows that if he can capture that he has a stronghold. He will then go after the will and emotions. Ramirez reveals the devil's strategies and doorways we are to stay away from. Temptation and deception are the devil's favorite tools. We need to know who we are in Christ and be firm in that identity, not allowing Satan to steal it.

I was surprised at this insight: The number one tactic the devil uses to create strongholds is to convince one that their sin is under control – they could quit any time.

Ramirez writes that it is important to be able to distinguish the voice of God and the voice of the devil and he helps us do that. He also identifies spirits that are deployed to bring down ministries.

He encourages us to engage in spiritual warfare but also urges caution. “For we believers to win the war, we must discern the battle before we engage.” (59) “It is important for us to pray and hear from God before we make any moves, anywhere.” (28)

Ramirez has included practical suggestions and techniques for spiritual warfare. He has many prayers that readers can use in the warfare, including those for obtaining one's own spiritual freedom.

Spiritual warfare is something I have not heard a sermon on in years. It's time for the church to wake up, Ramirez writes. This is a great book, based on personal experience and Scripture, to help Christians understand the war and engage the enemy. It is practical yet cautions against hasty engagement.

Deana Dick says

This is not an easy book to read if you don't understand spiritual warfare, but it is very informative. It is true that there is an enemy out there, but he can be disguised as anyone. His tricks are many and often subtle. I liked when the author talked about the enemy invading your mind. How many of us have believed that we are sick, unloved, or just ready to give up? See how easy it is for the enemy to take our thoughts captive and make you think things that are not true.

The author gives lots of examples like tarot cards etc which can be deceiving to us. We need to be prayerful and be guided by the Holy Spirit to remove obstacles that are not of God. It is a very in-depth book that helps readers be more aware of the enemy and be on guard for the attack. The book is filled with scriptures that are powerful tools to speak over your life. As an army prepares for battle they get information that will help them win. We need to do the same thing against the enemy. The book gives us many examples of how the enemy will sneak in and try to destroy you. What can we do to win? The easy answer is prayer and making

good decisions. Thank you for sharing your story and giving us useful tools to fight off the enemy.

Larry Fox says

Ramirez was a Satan-worshiper for 25 years and became a warlock and demonic high priest before being transformed by the power of God. He definitely was an insider in the dark kingdom and now exposes the devil's strategies and limitations. The author reveals specific spirits dominating world cultures, neighborhoods, families and individuals. He shows how we give evil spirits authority to influence us, gain greater power over us and ultimately control us. He identifies common practices that expose us to the enemy's activities in our lives and nine critical areas we Christians must be aware of to gain our spiritual freedom, including how to use our spiritual authority effectively.

Basic primer on spiritual warfare

Shane Wall says

Having researched for nearly 20 years particular items concerning the dark side and satanic worship and interviewed several people who were once satanists, this book by John Ramirez is above and beyond the information anyone would need in order to be free from any demonic attack. Even if you're a Spirit-filled Christian who's having problems with fighting against the spirits that come to boggle your mind and being fear to your heart, you'll be free in no time if you faithfully use the strategies and other insightful information Evangelist Ramirez shares in his sophomore work. Having over 1-million views on YouTube is for many, convincing enough that John knows what he's talking about and that he knows how to defeat any devil by the Word of God and the cross of Christ Jesus. Take notes or highlight the parts of this book that speak to you personally. This is one of those books that you can't help but bring up in conversation. People the world over need to know what available in this easy-to-read book about the victory we have in the Kingdom of God on Earth.

Unmasking the Devil by John Ramirez

This is a beautiful book about how Jesus delivered him from the devil's grasp. It's time for the devil to be exposed for all the damage he has done in all four corners of the globe. He the devil did have some help from other men and women, and children. Whatever people are doing against the Word of Yahweh (God), we will all have to give an account. This entire nation needs to Repent with prayer, fasting, and turning back to Yahweh, starting with the men because Yahweh built these foundations upon them first. Too all you men out there, Repent! And turn back!backGYahweh(God)

Gerald says

Superb advice from a former devil worshiper. The self deliverance prayer shared in the book is powerful and insightful. Very well done!

Melissa says

This is a book every Christian needs to read. It cuts to the heart and doesn't let go. This is an eye-opener for many of us who want to live with our eyes closed to the work of our enemy.

A few quotes that hopefully will entice you to read more are from page 28: "You need to come to see that your purpose and destiny are also lined up with the region and the season you are in."

Woah, if we really think about that doesn't that change our perspective and see the challenges we are facing as possible attacks from the enemy who doesn't want to see us fulfill God's purpose in our life?

Another from page 37: "The tools that the devil uses most often are temptation and deception. Temptation is to make you want to quit and give up on God, and deception is to make you believe that you're never going to come out of your circumstances."

How true is that? I have been there many times playing with temptation and then giving into deception. Overall, a very valuable book that I think every Christian should get their hands on.
