### **Angie says**

Luke and Kimberly skirted around their feelings for each other for a few years. Luke was a really sweet guy and was waiting to see if Kimberly felt the same as he did. I enjoyed watching them get together and what her father thought and how Luke reacted.

### **Dr. Bronwyn Ph.D of Smutology says**

This was hot. It wasn't like the sex scenes were particularly explicit there was just something about the older man whore of a next door neighbor who happens to be friends with your folks seducing you. Know what I mean?

### **Selene says**

She's twenty. He's thirty. This was an okay read. Dual POVs, great epilogue.

This little novelette would have been very good if only it was longer. These little short stories always feel so rushed and leaves me wanting more. It took me about half an hour to read.

**Vishous says**

*Luke removed a foil packet from his pocket and placed it on the table. "I always come prepared."*

*In the next breath she took, he pushed the shorts he wore to the ground before taking a seat. “What do you think?” he asked, cupping his erect flesh.*

*Her pussy burned with the need to be touched. Kimberly was more turned on than she ever thought possible. Licking her lips, she glanced at his face before returning her stare to his cock. "You want me?"*

Dunno what did I expect.... but I sure did expect more smutness then mushiness judging by the cover....

Oh well....

At least I had some fun while working with this quickie...

**B.E.Love says**

3 1/2 stars, this was a really quick hot read. Luke and Kimberly have lived next door to each other for several years and they have both been attracted to the other but nothing has ever come of it. Luke is thirty and a womanizer and Kimberly is twenty and just learning who she is. Kimberly never thought Luke would want her and Luke knew he wasn't good enough for Kimberly.

Right before Kimberly is scheduled to go back to college her parents go on a vacation leaving her alone. Kimberly planned on relaxing before going back to school she never thought her weekend would include Luke. Luke tried to resist Kimberly but can't any longer so he goes to Kimberly. Luke and Kimberly end up spending an unforgettable weekend together. But Kimberly and Luke will have to decide if a weekend will be enough, and what to do when others find out about their weekend.

This is a good novella that is filled from beginning to end. I liked it but wished it was longer so that we could have gotten more from Luke and Kimberly. But with that being said for how long it was Sam Crescent did a great job. This is a great read if you want something fast and steamy,

I couldn't wait to read this book. I love this author and I always know I am in for a treat when I read one of her books. I have so many on my wish list to read. Seems she is always coming out with a new book. This was a great book and I loved the story line. Can't wait to read another book by this author.
