I give it 3 stars....only because I feel like she could've put more detail in it...the book jumped around to quickly for me, it felt rushed BUT for the most part, I extremely enjoyed it...!!! Can't wait til the next book it released....TO BE CONTINUED.....

Sabrina says

I wasn't expecting that at all . This is not your average hood fiction . Oh my can't wait to read the next book in this series . I have to find out how her mom's did that . Having Pam for a mother I'm sure life wasn't boring .

Shaunphoo says

Speechless!!!!

Brilliant writing by this young author!!! I'm totally speechless in how she wrote this book and wrote this fascinating story!! I can't wait for part 2...bravo young lady, bravo

Ok

It was decent but nothing really happened and then once again when something finally happens the book ends.. these authors really need to get it together.. Smdh it's like they don't have a mind of their own anymore..CAN ANYONE WRITE A BOOK THAT DOES NOT NEED 2,3,4, and 5 parts anymore?!

Crazy Fast and Crazier!!

Okay this was one paced story that stayed on 100 from beginning to end. The characters in this story are something else to say the least, and right now I am not feeling anyone. This is young drama at it's best and the writer captures all of it in its glory. The writing is really good for this kinda of story. I am hoping everyone is better on the next installment.

Tina says

Wow wow

THIS STORY was all that and some IT started off slow but it took off I can't wait for part 2 CAUSE I know it's going to be FIRE. the way that it ended BOY BOY BOY trouble is ahead don't keep me waiting LONG

Drea says

When will I find a book that's not a trilogy/series UGHHH!!!

I like the plot/story line , too bad that these urban fictions always leave you with a cliff hanger , I think it's sad , I remember when you could read a book beginning to end without have too wait 6 months at a time too find out the ending !

Nicole says

Really good short read. Pam was such a bitch! I could not imagine dealing with a man who has such a disrespectful mother. The end was so crazy that I really need part 2 asap.

Wife of A Legend (Wife of a Legend Book 1)

Treasure and Julianny (Baby) met, fell in love and got married in Vegas after knowing each other for 2 months. His dad John stepped down from the game and made his son the Boss. Baby's mom's Pam is a hellraiser. Funny thing when she was shot at her front door, Treasure gets a call from her mom Teresa whose in prison for life. Quote how do you like your gift Unquote. And her dad Clyde is in prison too. Rival between families or what?

Kimberly Speaks says**loved it**

Page turner....great plot.i really want to know what's going to happen nextthe only thing that I didn't like to much was that it started kind of slow for me but around 70% the drama got real. Great job.

Jessica Fuller says**DANG**

OMG I LOVED THIS ONE... MRS PAM LEDGEN IS TOO FUNNY HATE SHE HAD TO DIE AND BY THE HIT OF HER DAUGHTER N LAW MOTHER... MAN I DIDN'T WANT THIS ONE TO END, PLEASE HURRY WITH PART TWO I HOPE BABY AND TREASURE HAVE A HAPPY ENDING...

sha'kia says**Short read**

The storyline was short and needs work it was rushed and a lot of information was needed.Treasure was spoiled and now that her parents are in jail she has to live with her cousin in poverty.baby is the next king of the streets ,but shooting in front treasure he has a hard time killing her.Baby and treasure fall instantly and drama starts especially from his mom who thinks nobody is good for him.

Michelle Hicks says**Good Book**

This a very good short story basically. I thought it was going to be a lot longer in length. I guess that's why it was only 99 cents lol! It starts off alright. You get to know the characters pretty well. It started getting more action around the middle. It's a page turner I must admit. It definitely makes you want to get the next book. I would recommend this book to anyone that loves to read and especially if you like this genre.

Shakeria Sharie says
