Wolf at Her Door

Liliana Rhodes

Wolf at Her Door Liliana Rhodes

We can feel that other part of us calling to make us whole. That is what I call the one love.

From New York Times and USA Today Bestselling Author Liliana Rhodes

Centuries ago Clan MacCulloch was cursed to immortality and unhappiness, but Callen MacCulloch doesn't care. After first meeting his one love in 17th century Salem, Callen has spent lifetimes searching for her.

But Heather isn't an immortal wolf shifter like Callen is, she's human. Whenever Heather is reborn Callen searches the world to find her and make her fall in love with him again.

This time he has followed his heart to Leeds Point, but things are different. With his parents Bran and Ainsley finally together, an evil awakens deep within a Scottish loch. Can true love finally defeat the MacCulloch curse?

The prequel—The Highlander's Mate—part of the Highland Shifters boxed set, is also included.

iliana G says

This ARC was given to me by the author for an honest review.

Ahhh i have to say that having read Wolf at her Door , The Highlander's Mate makes sense.

Having the full story is so thrilling!!!

I so loved the books and the story and all those twists and turns Liliana wrote.

I know you might be disappointed by the Highlander's mate and feel that it left you uncomplete but after you read this book you will be really thrilled!

It's worth reading!

A really great job!

The Highlander's Mate

I have to say that this is the first time i read someting of Liliana's.

Desite the fact that as a story it was intresting i have to say that i was not thrilled by it.

I believe it could be more...it was too short and the vibe lost.

All in all the book as a whole is a terrific journey through magic and shifters and true love.

A well deserved 5 stars

Colette Wills says

An enjoyable paranormal romance with a touch of mystery.

Cindy T says

To constantly search for the one you love. Is true dedication. This book is a constant tale of fate, with tragedy thrown in to keep you hooked. I loved it!

Gina says

I just finished reading this book and I loved it. While I usually don't like Scottish characters and books that go back and forth between time frames, I just couldn't put this story down. I wish I had words to accurately express how much I liked the story BUT I am not very good with words. I look forward to eventually reading more of Ms. Rhodes work.

Bobbi says

An amazing love story between Callen, a wolf shifter whose clan was cursed with immortality and his wife/mate Heather. This story spans centuries, beginning in the 1600s where Callen sees her from afar and knows she is his. They wed and she is taken from him, but many years later they are reunited only to be torn apart over and over again, because of the curse. Callen thinks of Heather as human, but she is so much more than that and they will find a way. I try not to do spoilers but sometimes it is difficult, because this is just a magical, heartbreaking love story, I want to say so many things. This may sound like it, but while it will bring a tear to your eye, it is not a tearjerker. I don't do tearjerkers, life is tough enough. It is just an amazing love story with a touch of evil and a smidge of vengeance.

Included in this terrific deal, is *A Highlander's Mate*, which is the original love story about Callen's parents, which is just as amazing as *Wolf at her door*. Two stories for just this tiny little price, what an excellent deal.

Jodi Ciorciari-marinich says

Loved this story of how Callen and Heather find each other life after life. He is a shifter but she is human and when she dies and is reborn he finds her again. Great original story from Lilana. Always a fan of her and the story and characters keep getting better with each new book. Enjoyed the storyline and the surprises that were written...

Dakota Storm says

This book had me dying to see what happens next, I couldn't put it down. Very intriguing and mysterious. I thought the characters were great, I love Bran and Ainsley finding each other again and their love was just perfect. Callen gets his father but keeps losing his mate Heather, each time he loses her she comes back but it wears on his heart. I love Heather and Callen together, I thought this twist was perfect, what we learn about Heather. Gracelin I felt for her losing her love and being bonded to him for eternity but interesting happenings happen later. Interesting ending can't wait to read more in this series. 5 stars review by Nanee at upallnightreadallday.blogspot.com

Donna Hokanson says

Timeless love

Ainsley runs when she hears the wrong thing from her one true love. Later finds out the truth, but can it save her and their love? Bran MacCulloch thinks his one true love died hundreds of years ago and yet every time he catches her scent he follows it in hopes she is still alive. The scent brings him to Leeds Point once again where lots of paranormal stuff seems to happen. But can she really be there? Well written and very enjoyable to read. Looking forward to finding out what happens next.

Rhonda Jones says

A Love Throughout Time

This book contains two stories, a prequel first published in the Highland Shifters Box set entitled The Highlander's Mate and the story The Wolf at Her Door. It was thoughtful of the author to include the prequel because it is an integral part of the whole storyline. And it was an absolutely fabulous story. I loved it. An old curse based on unrequited love impact Clan MacCulloch. Those that love outside the clan are cursed to lose their beloved and live forever in mourning. But something is different. The banshee responsible for the curse intervened. And other supernatural entities work to change fate. But can they? The book has wonderful plot twists and surprises. Shifters and witches and banshees and angels and demons, oh my. The book is full of heartbreak and death, sacrifice and love. Great book.

Mary says

There are two stories included so that you have the back story that leads you right into Wolf at Her Door.

The Highlander's Mate: Bran is immortal and the love of his life was torn from him 400 years ago. He has picked up Ainsley's scent so he makes his way to Leeds Point, NJ. When he hits town he ends up at the local bar and tells his story to Rafael who decides he needs to see Pinky since she knows all the history and lore of Leeds Point. What Bran never expects is for Pinky to tell him Ainsley is alive. When he sees Ainsley again, Bran gets an even bigger secret. Fabulous romance that spans the centuries and shows you should never give up hope.

Wolf At Her Door: Callen is Bran and Ainsley's son and he has been living the curse as the woman he loves, Heather, dies and is reborn, each time he has to find her and get her to fall in love with him all over again. They meet again in Leeds Point and now with Bran together with Ainsley, is there a chance that this curse can be broken? This is a wonderful legend with some unexpected twists, there is more to Heather than just being the love of Callen's life. Love how this legend is building and Liliana leads us into the next installment at the end. Excited to read Donal's story.

Ann says

I read this story as part of the Highland Shifters box set and while this was the first story I had ever read by this author I will be looking for more of her work. The story kept me engrossed from beginning to end and I only wish it had been longer.

Cilicia White says

What a wonderful start to a new series, though this is a stand alone book with a HEA. This book has two stories in one book but the first part is a prequel, about Bran and Ainsley and their son, Callen and his mate

Heather. This book is told with flashbacks to the past from the four main characters, plus the banshee that started the whole thing. This story has it all curses, hot sex, witches, wolves, bears, and much more. I can't wait to read the next book in the series, since Liliana just pulls you in and you don't want the story to stop.

I received this book for a honest review.... But I also purchased it because I enjoyed it so much.

Sheryl says

I was gifted this book in return for an honest review by author Liliana Rhodes.

Callen MacCulloch is cursed just like his father is, to find and loose his mate over and over again through out the years. Heather Mather is drawn to a town called Leeds Point and when she sees the sexy Callen she is attracted to him and feels like she knows him for some strange reason.

This is a romance with a hint of danger and evil to it and the characters really bring out the best in this book. The story line is great and very smooth from start to finish.

This is for any paranormal reader who enjoys the intrigue of the unknown evil.

Ana says

Love Lives on Through Time!

I was gifted this book by the Author Lilliana Rhodes for an honest review.

Bran an immortal werewolf, finds the love of his life Ainsley after 400 years of thinking her dead, only to find that he also has a son! The fates have finally looked down upon him.

The family curse is playing a cruel joke on Brans son Callen though, he keeps losing his fated mate, only to find her again in another body and has to make her fall in love with him all over again. But how can this be, why is Heather dying and coming back in the body of another? Will this time be different, will they at last be able to live out their lives? And if they don't will they be able to find a way to break the curse?

This is a very intriguing, mysterious and soul wrenching story, it is full of magic and love that lives through time.

I recommend this story to all Paranormal lovers.

Elizabeth says

Amazing

Very well written great story line. I wish it was longer but that is just because I enjoyed the book so much.

Highly recommended.
